**Subject:** Juneau to Skagway Road

I have lived in Juneau since 1970. I am currently married and raising three boys.

I have dreamed someday the Juneau access road would finally become a reality.

The time and money this project would save the Alaska citizens is immeasurable.

Please build the road- but don't stop ¾ of the way to Skagway- build it ALL THE WAY.

This road would also stimulate interstate commerce- I believe more than anyone can imagine.

Please build the road

Thank you,

Erik Clark
